BELLE GLADE-PAHOKEE, FL.

Dr. Brumback honored at health center dedication

By SUZIE MAYBURY

BELLE GLADE—The long-sought and long fought for health facility has become a reality for the Glades area with the new \$2.4 million complex located on S.R. 441.

A major force in bringing the new health facility to Belle Glade was Dr. Carl Brumback, longtime health director for Palm Beach County.

Because of his commitment to the health care of the Glades—Dr. Brumback took care of patients in the area at a time when there wasn't a health department—the building was dedicated Friday, Oct. 19, in his name.

"I was not expecting the dedication at all," Dr. Brumback said. "I am overwhelmed not only with the honor that I felt should go to the people that helped in bringing it about, but from the facility as well."

"The design and construction is a tremendous asset in providing a very much needed health service in the Glades area," said the 70-year-old doctor.

Dr. Brumback recalls the days when he used to conduct examinations on packing cases at the Beane City School. He said there wasn't room inside for the physicals.

"Under the circumstances we did a good job, but we had very little to work with," he said.

He said there were small clinics set up in Osceola, Okeechobee, Sand Cut and Everglades labor camps in later years but they were inadequate facilities.

"Over the years, subsequent to the four-room clinics at the labor camps, we got two facilities in 1956, one in Pahokee and one in Belle Glade, but it took three years to get those," Dr. Brumback said.

The 35-year county health director said it

Frank Teets named citizen of the year

By BRENDA BUNTING

BELLE GLADE—Recognition was awarded several Glades citizens at the annual Chamber of Commerce banquet by outgoing president Israel Bees, Jr.

The coveted citizen of the year award was presented to Frank D. Teets, vice president and general manager of South Bay Growers, Inc., a subsidiary of U.S. Sugar Corporation.

Teets is active in several clubs and organizations and was instrumental in the purchase of new uniforms for Glades Central High School. He has served on the Florida Agricultural Council, Inc., was a director of the Florida Sweet Corn Exchange.

He was also a member of the National Council of Agricultural Employers Advisory Board and past president of the Florida Fruit and Vegetable Association.

John Boy, Sr., president of United Sugar Corporation, was announced as the agricultural man of the year. The award was accepted by his son, John Boy, Jr. in his absence.

Boy is the past president and director of the Florida Sugar Cane League, Inc. and past

director of the of the State Chamber of Commerce.

He is a member of the Clewiston Chamber of Commerce and the State Farm Bureau as well as many other affiliations in the state.

Boy has also been the recipient of the Agribusiness Institute of Florida "White Hat" award, the outstanding Community Service award from the City of Clewiston, the Dyer Memorial "Sugar Man of the Year" award and many more.

Albert Dowdell, III was again this year awarded the policemen of the year award by the chamber. He was given the award last year also.

Dowdell joined the Belle Glade Police Department in 1980 as a patrolman. He was promoted to Detective in November of 1982.

"This police officer, through his intelligence gathering ability, initiated a three month investigation, January through March, 1984 into organized crime, drug trafficking and vice related activities being conducted in the City of Belle Glade and Western Palm Beach."

CLIENTS of the new Glades Health Center await their appointments.

2-year-old dies in clubhouse fire

SOUTH BAY—A pow wow among four young children ended tragically when their small wooden clubhouse went up in flames trapping a 2-year-old boy inside.

David Adams, of 275 N.W. 10th Ave., died from burns and smoke inhalation from the fire in the backyard of a friend's apartment building.

According to Det. Steve Landrum of the Palm Beach County Sheriff's office said Adams and three other children, the oldest being five, were playing in a wood box when one of the children "struck a match."

The detective said the box had pieces of styrofoam and paper inside which caused the fire to spread rapidly.

There were adults watching the children continually, Landrum said, but the fire happened so quickly no one knew what was happening.

"It's hard to imagine how it happened like it did," Landrum said. "It all happened in a period of five minutes."

The detective said the three children who escaped the fire ran away because they knew they weren't supposed to play with matches. When one of the parents found them the children all got a spanking but none of them

said the other child had been trapped. "They were just babies themselves," Landrum said.

David's body was found after the blaze had been extinguished.

Murder suspect sought

BELLE GLADE

—Police are still searching for a man wanted for a homicide in a labor camp shooting incident Sunday, Oct. 21.

Ricardo Chavez, 24, died from gunshot wounds early Sunday morning when he and his brother got into an argument with 31-year-old Juan Garza at the dudu labor camp.

Juan Chavez, 25, was shot in the lower chest. He was admitted to Glades General Hospital and in stable condition.

Det. Steve Landrum investigating the case for the Palm Beach County Sheriff's office at the Glades substation, said he believed an arrest will be made soon.

"We know everything there is to know about it. An arrest will happen. We just don't know when right now," the detective said.

CITIZEN OF THE YEAR recipient for Belle Glade is Frank Teets, vice president and general manager of South Bay Growers, Inc.

New GCI superintendent named

BELLE GLADE—The Glades Correctional Institute officially announced the appointment of Randall Music to superintendent, a man known for being "fair and firm."

Music, who is replacing former superintendent of 18 years Robert V. Turner, is coming from Florida State prison where he served as chief correctional officer.

He also served three years active duty in the first.

Marine Corp and he is presently acting as prison Master Gunner.

"They all have the same rules and regulations to follow. It's a matter of how you don't have any proposed changes. He Music has a few ad

said he intends to

Mental health staff seeks move into new building

By SUZIE MAYBURY
BELLE GLADE—While the staff of the health department settles into their new \$2.4 million facility, officials of the Western Palm Beach County Mental Health Clinic are eyeing the old health department building as a possible new home.

Joe Amato, executive director of the clinic, said he is in the process of drafting out a grant application. Both the Palm Beach County Housing and Community Development organization and the Farmers Home Administration will be contacted.

Recently, city commissioners agreed to contribute \$1,000 to the mental health clinic to aid in the grant application process.

The clinic executive director said he has several fund raising strategies to make the move a success.

"We're going to try to get most of the funding from community development but if we don't get 100 percent from them it is our expectation to go into the community and do some fund raising," Amato said.

"It has taken seven years of unbelievably difficult work of many people to arrive at the present facility," Dr. Brumback said.

Dr. Brumback said County Commissioner Bill Bailey was impetuous in bringing the new facility to Belle Glade.

The new Glades Health Center received county, state and federal funding.

Dr. Brumback said \$400,000 came from the state, \$1 million from the county and the balance from a Farmers Home Administration loan.

The new medical director of the Glades Health Center, Dr. M. Ramachandran, said his staff is "ecstatic" about the new facility.

He said the new building replaces the old facility which was comprised of an old building surrounded by trailers.

"As far as the facility goes, we have all the services in one building so it is more convenient. We also have an extended x-ray service

tients to the West Palm office.

Besides the outpatient services offered at the main office on 16th Street, the clinic also has a crisis stabilization unit for emergency cases, a day treatment program for day-to-day counseling and therapy within the school system.

The Crisis Stabilization Unit provides care for those "clients in an acute crisis situation," Amato said. The facility has nine beds and is staffed 24 hours a day by a nurse and technicians.

Clients who are experiencing severe depression, suicidal thought or are having a psychotic episode are admitted at the Crisis Stabilization Unit," Amato said.

The facility also offers alcoholic and drug detoxification treatment.

The average length of stay at the crisis unit is about six days and Amato said the mental clinic hopes to expand the service when the clinic moves to the old health department building.

Local law enforcement agencies use the crisis center to transport subjects who the officers believe to have a mental disorder, Amato said. The crisis unit also relies on the officers to provide assistance if a patient becomes unruly.

"The police have been just fantastic. They are one of our main arteries of support," Amato said. "If we do get a situation where someone gets out of control the police will come to help. Their response is tremendous."

Amato said the clinic also features a day treatment program which is designed to "provide a therapeutic environment for people with a history of chronic mental illness."

"The program's objectives are to improve

the quality of life of the chronic mentally ill person by providing treatment and activities that will treat the cycle of isolation and withdrawal typical of these people," he said.

The mental health clinic's director said the program helps these people with the "bureaucracy," like getting food stamps, welfare and other social services.

The group meets four days a week, five hours a day.

"The public has the idea these people are dangerous, violent and a threat to people in the

community. That is a myth from T.V.," Amato said. "In fact, the majority are basically withdrawn who remain isolated of contact others in the community."

Referring to institutions and state hospitals, Amato said the day treatment program is one of the mental health clinic's ways of "getting away from the warehousing of people," Amato said.

Alfred "Jim" Ferris, recently hired as associate director for programs, is responsible for overseeing the day treatment program.

The newly created position also requires Ferris to direct clinical operations and provide some counseling.

Maria Finamore, another new appointment to the clinic's staff, is the children's service director.

Finamore works with the school system with students with behavioral and emotional problems.

"We work with the school providing other types of consultation to develop behavioral change. We work directly with the emotionally handicapped classes," she said.

Amato said the clinic has plans to expand on these programs and with the new facility some of the future projects will be feasible, he said. The priority, however, is to work on the new mental health clinic home.

JOE AMATO, Jim Ferris, and Maria Finamore.

Health clinic

took a hard-fought seven years to get the new Carl L. Brumback County Health Facility.

"It has taken seven years of unbelievably difficult work of many people to arrive at the present facility," Dr. Brumback said.

Dr. Brumback said County Commissioner Bill Bailey was impetuous in bringing the new facility to Belle Glade.

The new Glades Health Center received county, state and federal funding.

Dr. Brumback said \$400,000 came from the state, \$1 million from the county and the balance from a Farmers Home Administration loan.

The new medical director of the Glades Health Center, Dr. M. Ramachandran, said his staff is "ecstatic" about the new facility.

He said the new building replaces the old facility which was comprised of an old building surrounded by trailers.

"As far as the facility goes, we have all the services in one building so it is more convenient. We also have an extended x-ray service

which used to be just chest x-ray," the new medical director said.

Dr. Ramachandran said they plan on expanding the laboratory services so the health center staff will no longer have to send them out to a hospital for results.

He said the center also eventually plans on adding an ambulatory-surgical outpatient facility where patients won't have to be admitted into the hospital for minor surgery operations.

But right now Dr. Ramachandran said the health center's staff is just trying to get settled into their new environment.

"A lot of things have to fall in place," he said. "We were closed for five days because of the move and we are trying to catch up with the backlog of patients."

Dr. Ramachandran said the patients "seem pleased" with the new facility as well.

"This area has had the maximum need for a new building. The facility earlier was inadequate for the number of people they were servicing," he said.

Fishing report is upbeat

Compliments of Tennessee's Pro Guide Service

Fishing the Big "O" has been great recently if you're looking for big fish.

My guide party of Charlie & Pat Amos, from Kingfisher, Okla., went home with four bass all over 10 lbs. As you can tell from the photo, they were mighty proud. All four of the bass were caught on wild shiners.

Last Friday Steve Davis & Joe Scott with son Derek Scott came in with a tremendous stringer of fish that was topped off with an 11 1/2 lb. bass, caught by Steve Davis.

Saturday I had Jack Gary of West Palm Beach & Warren Franklin of Jupiter out. Jack brought in two big bass—one 9 lb. 3 oz. & one 9 lb. 4 oz. Warren came in with an 8 lb. 4 oz. bass. We were using wild shiners again.

Sunday, fishing the Tackle Testers Tournament, Pat Stevens brought in a 6 lb. 4 oz. bass. Buddy Lampi won the tournament jack pot for big fish by weighing one in at approximately 7 lb.

All in all, this past week has been an excellent week for big bass.

Pretty soon specks will start moving. Right now they are being caught in scattered areas, 25 & 30 at a time, using green jigs & minnows.

Fishing should be great this next weekend, with the new moon approaching. Boating tip for the week: Be sure & check your drain plug for wear. They do get old & when they do, they will leak. This may seem a minor thing, but unless you like to swim, take the time to check it out.

Until next week, safe boating and good luck fishing.

BRINGING home the big bass this week were Charlie and Pat Amos of Kingfisher, Okla., and their guide, Tennessee.

Glades candidate forum set

The Belle Glade Kiwanis, Lions and Rotary Clubs are sponsoring a candidates forum at 5 p.m. Oct. 25 at the Belle Glade Municipal Marina.

All candidates on the ballot in the Glades area polling places are being invited to speak

and mix and mingle with the audience. Speakers for the two presidential candidates and speakers to explain the county charter and constitutional amendments on the ballot will also be there.

There is no admission charge for the

forum but the Belle Glade Port Committee is preparing a catfish dinner, with tickets priced at \$7.50 each.

The forum will constitute the weekly meetings for the three clubs, the forum is open to the public.

Man injured in helicopter accident

BELLE GLADE —A local man was treated for a bone fracture Monday, Oct. 22, after being hit in the leg with a metal pole uprooted during a helicopter accident.

Tiller was West Palm Beach. Calhoun was not injured. The helicopter had about \$60,000 in damages.

Crime watch meeting changed

Robert Wesley Calhoun was taking off from the Tiller Helicopter, Inc. airport when a gust of wind unexpectedly came up causing the rotor blade to strike the hangar and a pole. The pole was torn from the ground and trailed about 75 feet before striking Richard Tiller in the leg.

The Belle Glade Crime Watch meeting has been changed from Oct. 18 to Thursday, Oct. 25 for a special meeting.

The meeting will be at 8 p.m. at the Belle Glade Civic Center instead of the Belle Glade City Hall. A film will be shown on responsible drinking.

Crime Watch Chairman Virginia Anderson said the youth of the community are particularly invited to view the film.

She said attendance has been low at the crime watch meetings and everyone is urged to attend. "Crime Watch needs you, but you need Crime Watch more," Anderson said.

Jewelry stolen from house

SOUTH BAY —A local man's house was broken into Thursday, Oct. 18, and nearly \$2,500 in jewelry was found missing.

James Steve McKinley, 34, 430 S.E. 1st St., called police

after discovering his living room window had been broken and property missing. Police investigated and suspect the subject had cut himself on the broken glass of the window.

The case is pending further investigation.

Anyone knowing anything about the robbery should contact the South Bay Police Department at 996-6511.

A pinch of salt

by Rev. Robert Carlson

Until it was destroyed in 1927, thousands of Muslims visited the Tomb of Eve each year in Jeddah, Arabia. Visitors to the Tomb found they could drop a coin in a slot and hear "Eve" give advice. The woman who ran this racket from an underground room retired with a fortune.

What advice would Eve give? I think I know. She would certainly warn us about temptation. Eve learned the hard way that Satan is a smooth talker, and after swallowing his line she found that sin has its consequences.

Eve would no doubt confirm what Paul stated: "The wages of sin is death..." Romans 6:23.

Death comes in many forms. When Eve sinned, her peace of mind died; she and her husband, who I believe may have boosted her up the tree, covered their naked bodies with leaves and hid from the presence of God. They were ashamed; and shame was not part of God's plan.

That close relationship and sweet fellowship they enjoyed with God came

to its demise. They were driven from their home in the Garden of Eden. And just as God had warned them visited the Tomb of Eve each year in Jeddah, Arabia. Visitors to the Tomb found they could drop a coin in a slot and hear "Eve" give advice.

The death of their son, Abel, was also the result of that first mortal sin. Eve would be the first to admit that Cain inherited his temper.

And now a new form of death had been ushered into existence: that devastating emotion we call grief. How Adam and Eve must have suffered knowing they were ultimately responsible for one son's jealousy and hate and the other son's death.

Something else died that day Eve ate the forbidden fruit: her reputation. What do you think of when her name is spoken? The memory of her sin has survived millennia.

Heed the warning that "the wages of sin is death." All kinds of death! And cash in on the promise that "the free gift of God is eternal life in Christ Jesus our Lord." That's the good news of Romans 6:23.

Fund set up at bank for officer

PAHOKEE —A fund has been set up at the Bank of Pahokee for Charlie Collier.

Collier, a Pahokee police officer who was charged with driving while under the influence last month, is now enrolled in a rehabilitation program, according to Chamber of Commerce President

James Bennett.

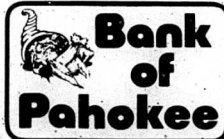

The fund is set up to help pay for the program. "It's our way of showing we're proud of what he's done in the way of rehabilitating himself," Bennett said. Donations to the fund can be made at the Bank of Pahokee, Main Street, Pahokee, or at the branch office in Belle Glade.

Every day someone else compares himself to a banker. Stockbrokers say they can manage your transactions like bankers. Savings & Loan people say they can give you financial counsel like bankers. But can they? No one else has the banker's hundreds of years of banking tradition behind him.

Bankers have very special training in the management of people's money. That's why the only place you'll find a banker is The Bank. Look for the Full Service Bank emblem. When others go so far to say they're like a banker, aren't you glad that the one helping you is a banker.

THE ONLY PLACE YOU'LL FIND A BANKER IS THE BANK.

WE CAN SELL IT TO THE PENTAGON
FOR AT LEAST 20 MILLION.

Letter to the editor

Dear Editor:

In response to your editorial on the "bomb-shell" that was dropped by the FHSA on 10/8/84, I would like to comment that Pahokee High School didn't get "shelled" at all. In have gotten into the fact, next year may well be the first time in many years that the "Blue Devils" will finally get to play a majority of high school teams in their own FHSA classification - Class 2A.

Personally, I'm glad to see the redistricting. I also think that the citizens of Pahokee, especially the mothers, fathers & relatives of the boys that play football, basketball, etc. at P.H.S. are glad to see it too.

For too long Clewiston H.S. has been a disguised 3A school competing in 2A competition. It will be very interesting to see how well Clewiston fares against high schools like Glades Central, Cardinal, Newman, Suncoast, North Shore, etc.

For too long Glades Central, C.H.S. has been able to take a "breather" and play Pahokee, so they wouldn't have to schedule one of their own Class 3A competitors - or a possible 4A compitor.

For too long the Blue Devils have had to play 8 football games a year with teams that were in 3A & 4A classification. Isn't it strange that

Pahokee played three 4A teams, five 3A teams & only two 2A teams this year in football? The conclusion is that even with a 2 win record, this season P.H.S. could "shelled" at all.

All of us P.H.S. supporters & boosters should still hang in there with Coach Don Thompson and the Blue Devils the rest of this year because we did beat Lake Worth (Anybody know their classification?) last week and because the 1985 football (basketball, etc.) is going to be a lot different than it has been in the past. It will be a whole new "ball game."

Your editorial sees lots of problems with the new alignment, but I maintain that there are very few problems as far as Pahokee is concerned, some problems for Glades Central, a lot problems for

Clewiston and of course Glades Day & Moore Haven are unaffected as per your cour

rection last week. C.E. (Chuck) Elliott 231 Cypress Ave. Pahokee, FL 33476

Halloween carnival slated

CANAL POINT- Canal Point Elementary School will host its annual Halloween Carnival Saturday, Oct. 27 on the school grounds.

The parade line-up will begin at 4 p.m. with the judging at 4:30 p.m. A chili dinner is available following the costume judging in the cafeteria.

A look back through our files

60 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 26, 1924

The Produce and Supply Company moved their quarters down to the busy section of Main Street, South Bay. The store was said to be quite an improvement over the other building and had a better central location. C.E. Thomas of the Thomas Nurseries, Tampa bought 265 acres of custard apple land on the south shore of Lake Okechobee. He planned to plant 100 acres of the land in avocados. The Everglades News reported that in 1915 an article said there were only five acres of sugar cane planted in Palm Beach County.

50 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 26, 1934

Finishing touches were being put on the new home of the Ford place in Pahokee. Workmen had been busy laying new concrete for the entrance to the gasoline pumps, recently installed. Publication of the Pahokee News and Philosophy was resumed that week under the management of L.C. Goolsby. Goolsby was one of the original launchers of the News and Philosophy with Charles Bar-

field a few years before.

40 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 13, 1944

The Florida East Coast Railroad hauled 20,651 car loads of sugar cane to the sugar house at Clewiston that season.

The Florida Commission Company added 2,800 acres of muck lands to its holdings by purchasing the land from Southern States Land and Timber Company and from the State of Florida.

The block of land was between Big Mound canal on the east and lateral A on the west, across West Palm Beach Canal from Conner's Highway. It was to be used for cattle pasture.

20 YEARS AGO
THE BELLE GLADE HERALD
OCTOBER 22, 1964

A doctor was forced to abandon his car and walk to the hospital to reach an expectant mother due to fallen trees during the hurricane Isbell.

Assistant Chief of Police Bill Mathis was injured while attempting to clear debris from the road leading to the hospital. R.W. Griffin demolished his Cadillac when he ran into fallen limbs on State Road 80.

Technology used against crime

BELLE GLADE
Promoting Crime Prevention Month, law officers from around the Glades organized a community program Saturday, Oct. 20, to educate children and parents on crime prevention.

The law enforcement agencies also took the opportunity to present some of the recent advancements in crime control.

Kevin Vislocky of the Palm Beach County Sheriff's Office in West Palm Beach had a Bell Jet Ranger on display.

He said the helicopter was used primarily for law enforcement purposes in road units, correction's department, surveillance and as a medevac unit which transports emergency patients to hospitals.

The jet ranger is on a 24 hour schedule and available 7 days a week.

Also on display was a Batmobile designed to conduct roadside alcohol testing.

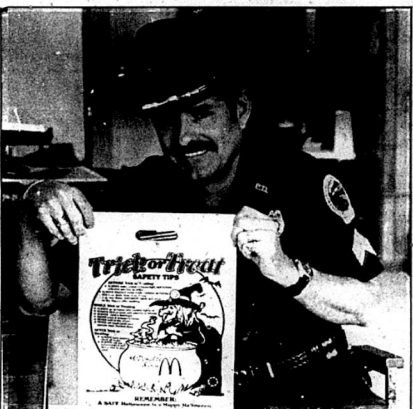

"This allows us to reduce the amount of time to process a drunk driver," said Sgt. C. Fortunato of the West Palm Beach Sheriff's traffic section.

The officers, when performing a roadside test, video tape the

MICHAEL YORK, team leader of the Glades SWAT team, discusses special equipment used by each member.

suspect and the results of the test on tape can be used in court, he said. And if the Batmobile is to test for drunk drivers, the van can also be used for traffic accident investigation. S.W.A.T. team, puppet McGuff the Crime Dog.

SGT. DAN CRIST with Halloween tips.

BELLE GLADE
Parents who will be letting their children "trick or treat" this year need to review a few safety tips, according to Sgt. Dan Crist of the Belle Glade Police Department.

Crist said trick or treaters should plan to make their door-to-door trips Wednesday, Oct. 31 between the hours of 4 and 8 p.m.

"We are asking the children to stay in their own neighborhoods and only go to those houses that have their porch lights on," Crist said.

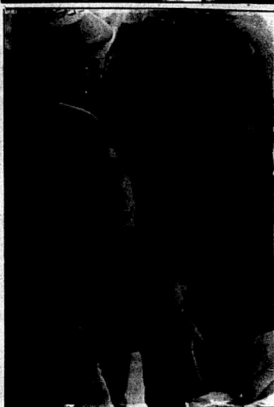

Local McDonald's franchise owners Neal and Susan Ashton have provided 4,000 trick or treat bags for children to use while making their rounds.

Crist said he and officers Sgt. Jim Eberle, Patrolperson Barbara Atkins, Patrolman William Teal, Patrolman Lionel Buda and Patrolman Normand Hovey will be going into the schools in

Belle Glade Monday through Wednesday to give Halloween safety tips and bags to the students. "We want all the children in by 8 p.m.," Belle Glade Police Chief Michael Miller said. Miller said children can go in costume to McDonald's during the trick or treat hours and receive a free sundae. He said Glades General Hospital will be offering tree x-rays for all trick or treat bags upon request at the emergency room of the hospital. "If they find anything suspicious, they will have them take the bags to the police station," Miller added. Some of the safety tips provided on the McDonald's trick or treat bags include: Always make costume colors light and include reflective patches or strips; always fireproof home made costumes; go only to those houses with a porch light on; trick or treat with parents or friends; carry a flashlight; never enter a stranger's house, never walk in the street; never eat treats until parents have checked the treats and call the (Belle Glade) Police Department if you find a trick in your treat.

KEVIN VISLOCKY, Palm Beach County Sheriff's Office, West Palm Beach, explains the purpose of the Bell Jet Ranger helicopter.

Computer memory expanded

BELLE GLADE

Belle Glade City Commissioners agreed Monday, Oct. 22, to spend \$15,400 to expand the city's Microdata Computer memory and disc capacity.

Assistant finance director Bill Underwood came up with a bargain with the Microdata Corp. to double the disc memory at a lower cost than the allotted \$16,800.

"Our system is slowing down considerably and we are desperate for this," said Finance Director Frank C. Anderson.

In other business at Monday's meeting: The mayor presented a proclamation to Sonya Fernandes Rendón, a member of NOAH (Neighbors Organized for Adequate Housing) to commemorate Nov. 3-10 as "Heritage Week."

NOAH will be sponsoring a community program in honor of

Heritage Week on Nov. 10 at the Municipal Civic Center from 7-10 p.m. to "celebrate the diversified roots of our community," the proclamation stated.

Commissioner Dan Bythwood informed fellow commissioners of the double parking problem on Avenue B Place and Avenue A Place between 5th and 6th Streets.

"People hold conversations from their cars sometimes for 15 to 20 minutes and when they tell cars to go around them they could cause a head-on collision," Bythwood said.

City Manager W.E. "Tom" Strang said he would take up the matter with Chief of Police Michael Miller to get the problem alleviated. "I just see problems coming that we need to prevent," the city commissioner said.

ommissioners accepted a bid for \$37,950 from Glade and Grove Supply for a new trash truck for the sanitation department.

THE NEW LEADERSHIP at Glades Correctional Institute includes (left) E. C. Pipta, chief correction officer; Randall Music, superintendent; and Willie Floyd, assistant superintendent.

New superintendent

justments to make, he said, and one is to get used to being out of uniform.

"This is the first time I've been out of uniform," he said. "I had to give up the old brown uniform and get into the civies."

Music will be working directly with Willie L. Floyd, recently promoted to assistant

superintendent.

Floyd has worked for the Glades Correctional Institute since he graduated from Florida A & M in 1971. Before his promotion, Floyd worked as the inmate classification supervisor.

His new position requires him to oversee the work of the institute's 10 departments, he said.

"I basically take direction from Music," Floyd said when asked what he intends to do as the new assistant superintendent, adding, "I also feel we are one of the better institutes and we are making conscious efforts to make it more safe and humane for the offenders."

Another promotion

went to E.C. Pipta as chief correction officer.

Pipta has been employed with the state since 1974, he said.

Prior to his work at G.C.I., the new chief correction officer spent 20 years in the Army. "I'm like Mr. Music. I can't stay away from the uniform," Pipta said.

Sugar crop forecast released

The sugar cane harvesting season for the 1984-85 crop is underway with a good but not outstanding crop predicted.

An estimated 1,294,000 tons of raw sugar, only a slight increase over last year's freeze damaged crop, are expected to be produced by the grinding season from Florida's sugar industry.

These figures, recently released by Dalton Yancey, executive vice president of the Florida Sugar Cane League, are the preliminary crop projections of the industry.

"Area farmers report the sugarcane growing season has been favorable but not outstanding. We have been fortunate not to have an outbreak of disease or an uncontrollable insect problem," Yancey said.

Yancey said last year's freeze that came on Christmas Eve was unfortunate for farmers. He said this year they were hoping for a dry winter.

"Naturally, we'd like to have a little rain and no freezes this season," Yancey said. "Dealing with the variables of nature is part of farming," he said.

June, July and August are traditionally the peak growing months for sugarcane in Florida. "The sufficient rainfall combined with adequate amounts of sunshine during the summer months are the main reasons for such a healthy-looking crop," Yancey said.

Florida's sugarcane crop produces 15 percent of the sugar consumed in the United States. Florida is the nation's largest sugarcane producing state.

Power outage announced

BELLE GLADE Green said Florida. "There will be a power outage Saturday, Oct. 27, in all areas west of S.R. 715, said Public Works Director Frank Green. bably between 8 a.m. and noon.

Inspection employee of year named

Harold Tedder of Belle Glade won the employee of the year award for 1984 at the annual business conference of the Division of Fruit and Vegetable Inspection in Tallahassee.

The plaque was presented to Tedder by Commissioner Doyle Conner during the conference. Tedder, a native Floridian born at Canal Point, won the division's award for his performance as a supervising inspector for the Florida Department of Agriculture and Consumer Services, Division of Fruit and Vegetable Inspection.

Tedder is a graduate of Miami Technical High School where he studied aircraft mechanics. At the

beginning of World War II, he attended the Army Aircraft Inspection School in Miami and worked during the war years as a civilian aircraft inspector for the U.S. Army Air Force.

After WW II, he returned to the Belle Glade area and was employed as a field representative for the Palm Beach County Agricultural Conservation Association.

In 1947, he transferred to the Florida Department of Agriculture as a fruit and vegetable inspector. Agriculture Commissioner Nathan Mayo appointed Tedder to the position of District Supervisor for the Belle Glade area January 1, 1952.

Tedder resides with his wife, the former

Ann Brunson, and their daughter Cheryl. Tedder has two daughters, Jan and Kim, and a stepdaughter and son, Liss and Eddie.

Raiders celebrate homecoming with win over Boca Raton

HOMECOMING Queen Denisha Jackson with her escort, Daniel Thornton.

THREE AKA princesses wave to spectators from their float in the Glades Central homecoming parade.

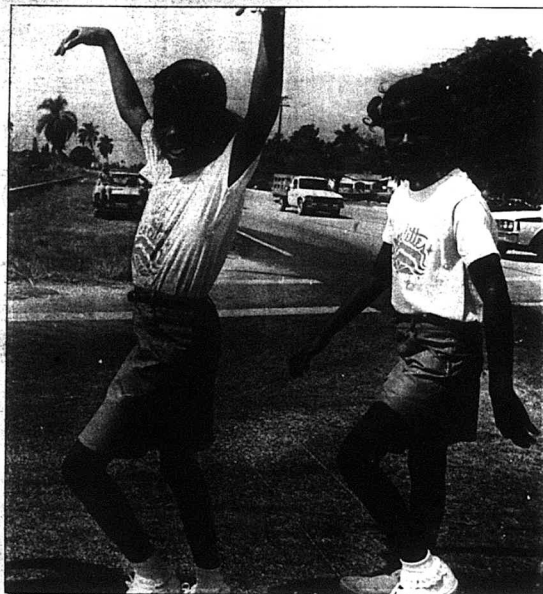

A GLADES CENTRAL runner attracts a crowd of tacklers.

BELLE GLADE
—Glades Central kicked off homecoming festivities Friday, Oct. 19, with a parade through town. The Raiders topped off the annual event with a win over Boca Raton 14-8.

The stands were rumbling throughout the game as fans cheered on the fighting Raiders in Friday's non-district game.

Perhaps the most exciting moment was the 93-yard pass touchdown thrown by Jacinto Paez to full-back Darrell Sanders. With a 6-2 lead, the Raiders were on the 31-yard line and had nine seconds to finish the first half. Sanders ran down the sideline to score. The two-point conversion brought the score to 14-2.

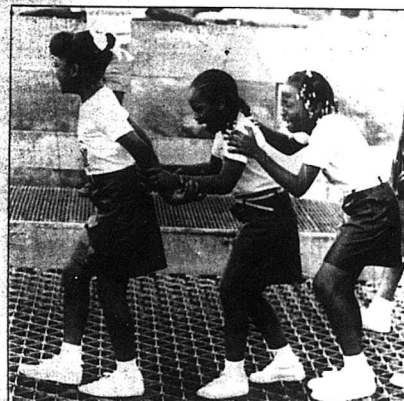

This homecoming victory gives Glades Central a 5-2 record.

Crusaders lose close game to Moore Haven, 14-12

The Moore Haven High School Terriers won their first game of the season against the Belle Glade Christian Crusaders in an overtime game that kept the fans on the edges of their seats.

At the end of regulation time the game was tied 6-6. Each team gets the ball on their opponent's 10-yard line and has four chances to score.

The Terriers went first.

On the Terrier's third play, Nathaniel Kelly scored on a 3-yard run, making the score 12-6.

When the snap was bad on the extra point attempt, Junior Brown threw to Wayne Moore for the 2-point conversion, making the score 14-6 and putting the Terriers four downs away from victory.

The Crusaders managed to score on their fourth attempt with a 1-yard run by Jo Jo Ramos.

Their attempt at a two-point conversion failed when a Crusader ball carrier was hit by Ronnie Ford and rolled into Brian Jones who made the stop.

The game as a whole was a good game to watch, said Terrier Coach Steve Pettit. "It was obvious Belle Glade came there to play football. It was a dogfight until the end."

Nathaniel Kelly had a good night, running the ball 27 times to accumulate 123 of Moore Haven's 185 rushing yards, but the passing game was slower than it has been, with only 29 passing yards being accumulated.

The Terriers scored in the first quarter when Brown hit Scott Bass with a 7-yard touchdown pass.

An extra point attempt which was good because of a penalty, and the second attempt failed.

The Crusaders came back in the second quarter by culminating a 40-yard drive downfield with a 9-yard touchdown run by Dave Chamblee, but an attempt at the two-point conversion failed.

The second half featured several Terrier drives which were stopped by turnovers.

The Crusaders next game is at Broward Christian on Oct. 27.

A CRUSADER PLAYER runs toward open field.

Pahokee celebrates 38-28 win over Lake Worth

Pahokee celebrated the team's second victory of the season in the win against Lake Worth 38-28.

"We had a wonderful game," Coach Donald Thompson said. "We played a hard-fought football game. We came from behind

twice in the game. Lake Worth started the game with a 14-point lead but the Blue Devils were able to catch up, Thompson said. The Lake Worth team again took the lead but Pahokee scored twice in the fourth quarter to win

the game. Pell Thompson, who was voted county player, had 300 yards in passing offense. Kenny Berry, Donald Edwards and James Anderson had "a great day as receivers," Thompson said. "They had a tremendous

game catching balls." Pernell McKelton had close to 100 yards in rushing offense and offensive linemen Marion Sherrod, Tyrone Holmes and Hosie Smith had a good line play, the Pahokee coach said.

Linebacker Carl Bess-Devils will celebrate

their homecoming this Friday, Oct. 26. The football game will be against Immokalee.

"We expect a very hard game," Thompson said. "They beat Glades Day last week

and they were just aggressive, fast, big awesome. They are an football team.

Thompson named Pahokee player of the week

By SUZIE MAYBURY

PAHOKEE — He may be the coach's son but Pell Thompson has earned his place as a starting quarterback for the Pahokee High School football team.

Pell was named "Player of the Week" for his noted playing performance Friday, Oct. 19, when the Blue Devils stomped Lake Worth 38-28.

This Pahokee High School junior completed 12 of 29 passes for 223 yards, scored three touchdowns, ran for 40 yards, had three carries for 40 yards and three two-point conversions.

One touchdown was on the 4th down to win the game against Lake Worth.

Not bad for his first time as starting quarterback for the Blue Devils.

But Pell said he

couldn't have done it without the help of his team.

"I had tremendous time all night long because of the line. Sometimes I had six to seven seconds to throw the ball," he said.

Pell said the county has rated Pahokee's offense number one describing it as a "more explosive offense."

Pell's father, Coach Donald Thompson, said he was "really pleased" with his son being named "Player of the Week."

"We try to do the best in all we do," the Pahokee coach said. "For the first seven or eight years he was my coach but big time football is a little different than little

PELL THOMPSON with his dad, Donald Thompson.

league," said the young quarterback who has been playing ball since he was 6 years old.

Pell said the pressure more intense at the high school level and his father let the team know it. "I've had to earn everything I've

got," he said. "He's had to earn it twice," the older Thompson said. "I'm tough and I'm hard and demanding and he's like that. We were brought up like that."

Pell said the rewards and losses are greater in high school football.

"You are playing for a potential \$50,000 scholarship so that's big stakes," Pell said. "It's my dream to play college ball and I hope I have the ability to do it."

Immokalee spoils Gator perfect record

Glades Day finally gave up the perfect 5-0 record Friday, Oct. 19, with the fall to Immokalee 28-8.

Coach Byron Walker Jr. said the Gators made four mistakes which threw the game. "They broke down pass coverage three times and threw in interception and that was the story of the

game," said the Gator head coach.

The coach said a couple of the mistakes were "third and 8 situations."

"We felt we had them stopped but they came up with big plays," Walker said. "But the Gator coach praised the team's efforts on an overall performance."

"I thought the overall performance was decent if you could take the mistakes out," he said. "The score was embarrassing but the overall performance... I can live with that."

This week the Gators come home to play Benjamin, the team's biggest rivalry Coach Walker said.

"They need to beat us to stay alive in the district race and if we win we'll clinch the district," he said. The Gators hold a

perfect record in the A district. They are the only team in this district without a loss.

Regarding the Immokalee game, Walker

said, "We will take the bitter with the sweet. We want to get this behind us and pick up the pieces and carry on."

140 attend annual Chamber banquet

BELLE GLADE Community support was clearly indicated by the large attendance at the banquet for the financially burdened Belle Glade Chamber of Commerce, Thursday, Oct. 18.

Approximately 140 people attended the banquet, according to Chamber Executive Secretary Jewel Crane. She said it would be a while before the figures would be in on how much the chamber netted from the banquet.

The Chamber banquet is one of the few fund raising events the chamber sponsors every year. Outgoing President Israel Baez said the chamber has initiated three new fund raising ventures this year.

The Chamber is sponsoring the Dale Carnegie course, advertising benches throughout the city and the "Millionaire's Game".

"The chamber is a non-profit organization," Baez said. "Within the year, I found that was true with the bills and salaries to pay," he added.

"Without community support, we couldn't keep our doors open," Baez said.

Incoming President Steve Weeks presented Baez with a plaque for his year's service to the chamber as president.

Baez commended Executive Secretary Jewel Crane and Secretary Helen McCormick for their work for the chamber.

"These two ladies do a lot of work in that little office and get very little recognition," Baez told the audience.

Four new directors were installed into the chamber during ceremonies at the banquet: Eugene Challancin, Sonny Stein, Jerry Lohmann and Ed Rongione.

Senator Harry Johnson, II, State Senator of District 26 was the guest speaker. He told the audience that agriculture in the state of Florida brings in more money than tourism.

"Every once in a while we have to stop and think about how agriculture has helped us," Johnson said.

SENATE PRESIDENT Designate Harry Johnston was the guest speaker for Thursday's Belle Glade Chamber of Commerce annual banquet.

Out-of-city mosquito spraying continues

PAHOKEE --City Council president W.E. McKinstry, expressing concern for city taxpayers, told fellow council members Tuesday, Oct. 23, the mosquito spraying outside the city limits should come to a halt.

But his colleagues felt since the county provides the truck, fogger and chemicals and since the county asked Richard Mount, the director of public works, to spray outside Pahokee, the service should be continued.

"I'll leave it up to you (council) but I'm still trying to look out for Pahokee taxpayers not county taxpayers," McKinstry said.

"I don't see what's wrong with it," Mayor Duncan Padgett said. "It looks like we're getting the best end of the deal."

Mount said its takes about three hours to spray adding, "I doubt it's his (driver) out of the city for more than an hour."

Councilman Ronnie Graydon said he didn't mind the spraying of Canal Point and other bordering areas but he said he wanted something in writing from the county.

"If we could get into an inter-local agreement just to make the thing look on the up an up," Graydon said.

Council members, aside from McKinstry and Graydon, agreed to continue the spraying service.

In other business Tuesday:

"Councilman Walter Rashley asked the fire chief about fire protection outside the city limits.

The councilman said he witnessed an incident where a fireman left the scene of a fire in Streamline and said the forestry department would handle it.

Fire Chief Cecil Phillips said "everybody makes a mistake," adding he didn't want to "open his big mouth" and get someone in trouble before knowing the facts.

"But it isn't a mistake when it could cost lives," Rashley said.

The fire chief said the people outside the city limits must pay \$100 for the truck and driver and \$20 for each fireman since they do not pay city taxes.

Rashley insisted "the firemen should be told of their responsibilities outside of the city limits so this won't happen again."

Phillips said they should reach an agreement with the county on how to attend to fires outside the city limits.

The city attorney, Michael Stauder, told the fire chief an agreement had already been set up with the county.

"That's how they (fire department) got the money for their fire house," Stauder said.

The attorney said the county had agreed to pay \$25,000 towards the fire station if the fire department agreed to continue service immediately outside the city limits.

Chamber Awards —

Continued from 1

County," Baez said.

The investigation culminated with the arrest of several area residents, the seizure of lottery paraphernalia, marijuana and approximately one and a half pounds of cocaine with an estimated street value of over a half million dollars.

Baez said it was the largest single seizure in the history of the Belle Glade Police Department.

William "Billy" Schoenfeld was chosen fireman of the year by his fellow firemen. He is a member of the Volunteer Fire Department and has been the secretary/treasurer for the past three years.

Schoenfeld is a scoutleader for Troop 622 and a member of the Belle Glade Lion's Club. He has held all offices in the Lion's Club.

Special recognition was given to J. Marvin Unwin, Vice President of Pioneer Growers Cooperative of Belle Glade for his efforts to make the four-laning of SR 80 a reality.

Unwin has served on the Canal Hazards Safety Committee for 20 years and served as chairman of the committee from September, 1977 to January, 1981.

Robert (Bob) Lee was also given special recognition for his community service. He is a

charter member of the annual awards banquet program, originating in 1964.

He served on the Board of Directors of the Belle Glade Chamber of Commerce from October, 1961 through January, 1964 and as president for two of those years.

He has been the master of ceremonies of the awards banquet for 18 of the 20 years it has been in existence.

The American farmer is very efficient, according to Johnson, and has enabled people to spend less of their money for food.

The problem, he said, is that the American farmer is going to have to produce more than ever before because 25 percent of all of the people who ever lived are alive today.

He added that the world population could double in 35 years. He said Florida was seventh in the nation in population but now has moved to sixth place.

"Florida will surpass New York (in population) in the future," Johnson said. "A thousand more people move to Florida every week," he said.

Johnson interjected several jokes into his address. "We're coming upon two important holidays," he said. "Halloween where we scare the hell out of people for fun and elections where we scare the hell out of them for real."

SCOTT Berryhill accepts a distinguished citizen award in behalf of his father, Lee Berryhill who died earlier this year.

SPECIAL RECOGNITION was given to J. Marvin Unwin for his efforts in the four-laning of State Road 80.

EXECUTIVE SECRETARY Jewel Crane (left) and secretary Helen McCormick were recognized for their Chamber of Commerce work.

JOHN B. BOY, SR., president of United States Sugar Corp., was honored as agribusinessman of the year Thursday, Oct. 18, by the Belle Glade Chamber of Commerce. His son, John Boy, Jr., accepts the award on his behalf from Chamber Pres. Israel Baez. Another U. S. Sugar executive, Frank Teets of South Bay Growers, was honored as Belle Glade Citizen of the Year.

Staff photos by Suzie Maybury

BILLY SCHOENFELD ACCEPTS a handshake and plaque from Israel Baez, recognizing his selection as fireman of the year.

FOR THE FIRST time ever, a Belle Glade police officer has won the Chamber's policeman of the year award two consecutive years. Detective Albert Dowell, III is shown accepting the award from outgoing Chamber Pres. Israel Baez.

Obituaries

LILLIAN VIRGINIA KEMPER

Lillian V. Kemper, 89, of 348 S.W. Second Drive, Belle Glade died at a local hospital. She was a native of Chicago, Illinois. She came to Belle Glade in 1948 from Orlando, Fla. She was a former member of the Eastern Star in Orlando.

Her only survivors include a daughter-in-law, Mildred Kemper of Tampa; four grandchildren and two great grandchildren.

Calling hours were at the Mixson Funeral Chapel Wednesday, October 24, from 3 to 9 p.m. Mixson Funeral Home in Belle Glade was in charge of arrangements.

ZELDA HOLZ

Zelda Weona Holz, age 63, of 676 S.E. 3rd Street, Belle Glade, died on Friday, Oct. 19, in her home.

She was a native of Wauchula, and had been a resident of Belle Glade for 34 years. She was a member of the Baptist Church in South Bay and was a homemaker.

She is survived by her daughter, Donna Kirchman of Belle Glade; two sons, Edward I. Holt of West Palm Beach, and Corvin W. Holt of Pompano; and five grandchildren.

Funeral services were held at 2 p.m., Tuesday, Oct. 23, at the Akin-Davis Funeral Home Chapel, with the Reverend Paul W. Murray officiating.

Interment followed at Ridgeland Cemetery in Clewiston. Pallbearers were Melvin Lee and Vance Greer. Akin-Davis Funeral Home was in charge of arrangements.

HOMER KELLY

Homer Kelly, age 87, of Lake Harbor, died

on Tuesday, Oct. 23, at Hendry General Hospital.

He was a native of Cumming, Ga., and had been a resident of Lake Harbor for 15 yrs. He was involved with agriculture, was Baptist, and was in the Spanish American War.

He is survived by his brother, Jirry Neisler of Lake Harbor.

Heart screening set

BELLE GLADE The Cardiovascular Screening Clinic will begin Tuesday, Nov. 6 and will be offered every Tuesday morning from 9 to 11:30 a.m. in the Professional wing of Glades General Hospital.

The service is free and available to the public. The clinic is staffed entirely by local volunteers who have given their time and talents to the project for many years.

The screening includes EKG, blood

chemistry, urinalysis and blood pressure. To make an appointment call the Belle Glade Health Department at 996-1600.

Akin-Davis Funeral Home is in charge of arrangements.

Gospel sing slated

BELLE GLADE St. Paul Church of God in Christ is sponsoring a gospel sing 7:30 p.m. Saturday, Oct. 27 at 912 West Ave. A, Belle Glade.

Funeral services

Funeral services will be held at 11 a.m., Saturday, Oct. 27, at the Akin-Davis Funeral Home Chapel in Clewiston, with the Reverend Eugene Abernathy officiating.

Interment will be at 3 p.m. at the Old Edens Cemetery in Christop.

Pahokee Chamber plans chicken barbecue

The Pahokee Chamber of Commerce will have a Chicken Barbecue on Election Day, November 6, at the Pahokee Fire Department. Tickets are \$5. per plate and are on sale at the Pahokee Chamber of Commerce from 9 a.m. to 1 p.m. Monday to Friday.

Everyone is encouraged to vote and then have a Chicken dinner with the Chamber of Commerce. They are also on sale at the Hendrix Hardware and at Pahokee Tru-Value Hardware.

Fall festival planned at CDS

The Christian Day School Fall Festival will be Friday, October 26. The parade will begin at 5 p.m.

Trophies will be awarded in the following four categories: Most-Original, Most-Halloween, Most-Authentic and Prettiest.

Booths will be opened at 5:30. Attractions this year include the spook house, people maze, dunkin' booth, hayride, ponyride, Arts and Crafts booth and a Great Country Store booth.

Hamburgers, chili dogs, funnel cakes, cotton candy, etc. will be sold throughout the evening.

Heritage day planned

BELLE GLADE The dinner at the Belle Glade Civic Center. The event is sponsored by Neighbors celebrated from 7 to 10 a.m. Saturday, Nov. 10 at a Heritage Day (NOAH).

CREDIT PROBLEMS?
If your loan application to purchase a new or used car was turned down by the bank or other lending institution, the Stewards may have good news for you. For a limited time, we have over \$200 million dollars available for auto loans. Credit requirements are more liberal than what you probably experience. Terms are longer, and now down payment is necessary. Interest is well below PRIME LENDING RATES CHARGED BY MOST BANKS.
Call now and drive home today in a new Pontiac, Toyota, Mazda, Fiat, or Peugeot. Call for an appointment or come in for Mr. Foster, Special Fund Finance Manager.

DAY IN/DAY OUT THE SURGERY THAT COSTS LESS

DAY IN/DAY OUT SURGERY IS LESS EXPENSIVE. FOR ALL OF US.

Glades General Hospital announces a pleasing alternative to the overnight hospital stay.

We call it DAY IN/DAY OUT Surgery. And for most minor surgical procedures, it allows you to return home the same day you come in. Six days a week, including Saturday.

That can be pretty comforting when you consider that DAY IN/DAY OUT Surgery can save you more than 50% in hospital charges. Most insurance plans will even pay 100% of the cost of DAY IN/DAY OUT Surgery, without co-insurance or deductibles. Everyone benefits. And in the long run, these tremendous savings help keep hospitalization costs down for all of us.

IT'S FAST AND CONVENIENT

With the advanced techniques we employ at Glades General Hospital, many minor surgical procedures can now be handled safely and conveniently through DAY IN/DAY OUT Surgery. Minor eye, ear, nose and throat operations, as well as simple orthopedic, gynecological and urological procedures.

Simply consult your physician and arrange to pre-register several days in advance, or call (305) 996-6571, ext. 510, for a physician referral.

COMPARE THE SAVINGS Inpatient vs. DAY IN/DAY OUT

Procedure	Cost if Admitted (1)	DAY IN/DAY OUT (2)	% Savings
Hernia	\$1,712	\$547	68%
Arthroscopy	\$1,285	\$469	63%
Fracture	\$1,801	\$697	61%
D & C	\$ 884	\$312	65%
Biopsy	\$1,406	\$491	65%

(1) Includes charges for average length of stay in semi-private room, operating and recovery room charges, and supplies. Charges for x-rays, lab tests or other diagnostic tests that may be requested by your physician, and physicians' fees are not included.

(2) Does not include x-rays, lab tests or other diagnostic tests that may be requested by your physician, or physicians' fees.

WITH DAY IN/DAY OUT SURGERY, WE'RE KEEPING THE STANDARDS OF HEALTH CARE UP, AND COSTS DOWN.

In all the important ways, DAY IN/DAY OUT Surgery at Glades General is like any other hospital stay. All the care and facilities of our full-service hospital are right here if needed: Doctors, nurses, and modern efficient equipment.

DAY IN/DAY OUT Surgery is simply one more way Glades General Hospital is "the caring place." Caring enough to keep the standards of medical care up. And the costs down.

DAY IN/DAY OUT SURGERY AT GLADES GENERAL HOSPITAL
